

The COM YARDAGE CHART is provided as a guide and is based on normal layout of fabrics. If your pattern has an irregular layout, or if the pattern does not center on the half width (or the full width), then additional yardage will be required. For patterns with one repeating motif centered in the middle of the width of fabric, the yardage shown for 36" width must be used. Unusual placements may incur additional labor, must be approved by the factory, and are subject to additional charge.

Receipt of COM fabric in the quantity required is the most important factor in ability to process the COM order promptly. The COM yardage listed on the price list is the minimum yardage required based on a 54" plain fabric. If we receive insufficient yardage, we must delay processing while we request additional yardage.

Plain Fabrics 54"	Fabric w/ Repeats 0 " to 5"		Fabric w/ Repeats 6" to 14"			Fabric w/ Repeats 15" to 29"			Fabric w/Repeats 30" to 36"

RailRoad

Up the Bolt

A fabric where the top of the decorative motif points to the selvage is referred to as "**Railroad**". These fabrics usually require no face seams when applied to most upholstered furniture

A fabric where the top of the decorative motif runs up the roll is referred to as "**Up the Bolt**". These fabrics generally require face seams when applied on certain frame styles, particularly camel back, T-cushion and bench style cushions.

#### COM CONTRASTING WELTS

Allow 1 yard of fabric for welts for each seating unit - 1 yard for chair, 2 yards for loveseat and 3 yards for sofa.

#### COM CONTRASTING TOSS PILLOWS

Allow 3/4 yard (per pillow) of 54" plain fabric. For multi-pillow back versions, allow 1 yard per pillow of 54" plain fabric.

#### STRIPES ON COM

All stripes will be applied vertically unless customer specifies otherwise.

#### OVERSIZE FABRIC REPEATS

If fabric patten repeat is greater than 36" vertical, submit sample for yardage calculation.

#### PLAID PATTERNED FABRICS

Add 15 percent additional fabric for plaid patterned fabric and other patterned fabrics require two-way (vertical & horizontal) match.

#### COMBINATION FABRIC TREATMENT

Charges using COM fabric or Paladin fabric plus COM body fabric are as follows:

If body is COM, use fabric grade 70 as base price. If using Paladin\* fabric, use fabric grade as base price.

Add \$100 for second COM body fabric.

Add \$75 for third COM body fabric or each additional COM body fabric used with Paladin's\* fabric.

No charge for contrasting throw pillows

On inside/outside combinations, allow 65 percent of yardage requirement for inside and 35 percent for the outside.

A sketch of frame with fabric application instructions **must** accompany order.

NOTE: COM Bullion must be 1/2 inch longer than skirt length.

NOTE: We cannot accommodate jumbo cord applications
